SEEING THE FUTURE

WORLD SIGHT DAY EVE PUBLIC LECTURE LOW VISION SERVICES

“Low Vision Problems, Challenges and Solutions to Service Delivery”

On the eve of World Sight Day, Wednesday 11 October 2006 the Centre for Eye Research Australia will be hosting a Public Lecture in collaboration with Vision 2020 Australia and the Low Vision Service providers of Victoria.

This lecture will feature presentations by Dr Serge Resnikoff from World Health Organisation Geneva, Professor Nag Rao from the International Agency for the Prevention of Blindness and Associate Professor Jill Keeffe from the Centre for Eye Research Australia.

This lecture is open to all members of the community.
