

CONASTA 54 - Register Now!

Science education unplugged

54th Annual Conference of the Australian Science Teachers' Association

4 - 7 July 2005 • University of Melbourne

How to Register

1. Visit the conference website: www.conferences.unimelb.edu.au/conasta54 and follow the link to 'Registration'.
2. Download the conference registration form in PDF, complete details and forward it with payment to Conference Management by post or fax.
3. Conference Management will process the registration and send a receipt, confirmation letter, information letter and campus map by post. Please note, registration can only be confirmed once payment has been received.
4. Each delegate will have a unique **PIN** shown immediately above the Registration Details on their individual confirmation letter.
5. Make a note of your **PIN** as it will be required when making session selections online.

Session Selection

1. Visit the conference website www.conferences.unimelb.edu.au/conasta54 and follow the link to 'Session Details'. Keep a record of your session selections on the **Session Selection Form** (see overleaf).
2. You will need your PIN to register your selections using the online form.
3. You will be contacted only if your selections are unavailable.
4. Upon registering at the CONASTA 54 conference desk, you will receive your individual session details and any tickets for functions you have requested.

Workshops and seminars

Choose from over 100 sessions that will inform and inspire. Select from the 'tried and true' and interesting innovations. Challenge 'Fresh Scientists' and 'Fresh Innovators', visit research labs and enjoy excursions.

Stanhope Oration

Laureate Professor Peter Doherty, Patron of ASTA will speak about science in society and the retreat from reason into fantasy.

Keynote speakers

- Col Pamela Melroy, NASA astronaut and test pilot
- Dr Lloyd Hollenberg, from the School of Physics, University of Melbourne, on 'the triumph of mind over matter – the didjeridu'
- Dr Elizabeth Truswell, former Chief Research Scientist who combines art and science
- Professor Cliff Malcolm, renowned Australian science educator and 'unplugged' from South Africa
- Dr Lawrence Ingvarson on professional standards for the teaching profession
- Mr Tom Evison on responding to indigenous cultures in science education.

Special events

Join interest groups in activities over breakfast; participate in special events including a celebration of the Einstein International Year of Physics and a launch by Biotechnology Australia. Walk in style along the red carpet into the magnificent heritage-listed Plaza Ballroom for a memorable Conference Dinner.

Post conference tours

Join us in tours with a science twist, to the wineries of the Yarra Valley, the Dolphin Research Centre and more on Westernport Bay or to the wonders along the Great Ocean Road.

Be part of the national celebration of our profession.

'Promoting our profession: enriching science teaching'
