Narmbool: Cross -curricular discovery camp.

A modern farm, an indigenous heritage, environmental skills and astronomy all blend cohesively in a unique cross-curriculum learning program at Narmbool Lodge. Find out how this camp can be an integral component of your students' studies, teaching them a range of skills including habitat assessment, water quality testing, data analysis and more. Try out some of the activities your students will experience, while finding out how this program meets your curriculum needs.
