Location Melbourne This exciting and vibrant city has something for everyone - the best in fashion and retail, restaurants from the four corners of the globe and top class sporting and cultural events. Come and enjoy our parks and gardens, or explore the treasures hidden in Melbourne's historic laneways. Melbourne is a city of precincts – 15 distinct enclaves – each with its own flavour and allure. Some are small, just a lane or two, while some are huge, covering the banks of a river or a long stretch of road. Crisscross the City on a tram and see them all, or spend the day exploring just one in detail.
