

FORENSIC FORUM

A forum on forensic applications of speech science

Hosted by the Australian Speech Science and
Technology Association (ASSTA) as part of

SST 2002

The 9th Australian International Conference on
Speech Science and Technology

<http://www.conferences.unimelb.edu.au/SST2002>

This forum will be an opportunity to learn about and discuss
the use of **speech science** in **legal contexts**
such as **speaker identification** and **transcription verification**.

Speakers include

Dr Helen Fraser – University of New England

Dr Phil Rose – Australian National University

Prof Andy Butcher – Flinders University

and other members of the ASSTA Forensic Speech Science Sub
Committee

<http://www-personal.une.edu.au/~hfraser/forensic.htm>

Each speaker will make a short presentation and then give opportunity
for questions and discussion.

Members of both the speech science and the legal and law
enforcement communities are encouraged to attend.

This is a great opportunity for the exchange of information concerns
between these groups.
